CERTIFICATE # 89

This certificate is not a representation, warranty, or guarantee of product performance or certification of code compliance. For details of the product warranty, consult the product manufacturer.

NGBS Green Certificate #NGBSGCP-000089

Product: Ply Gem Aluminum Gutter and Downspout Systems (Sectional & Seamless)

Manufacturer: Cornerstone Building Brands

The product(s) shown on this report have been independently verified as eligible products for use in achieving points toward project certification under ICC-700 National Green Building Standard. Home Innovation Research Labs authorizes accredited verifiers to award points toward certification without additional documentation when the product(s) is used as noted below.

2020 NATIONAL GREEN BUILDING STANDARD			
PRACTICE #	PRACTICE DESCRIPTION	POTENTIAL POINTS AVAILABLE	ADDITIONAL CONDITIONAL OF USE TO AWARD POINTS
602.3	A gutter and downspout system or splash blocks and effective grading are provided to carry water a minimum of 5 ft away from perimeter foundation walls. 4 points available.	4	Product is used to carry rainwater at least 5 feet away from foundation.
604.1	Building materials with recycled content are used for two minor and/or two major components of the building. 1-6 points available.	3	Points awarded for 2 products with recycled content. Use of this product as a minor product with another minor product with at least 75% recycled content required for 3 points.

GRESB Scoring Potential

GRESB is a framework widely used by commercial and multifamily organizations that measures the ESG (Environmental, Social, and Governance) performance of a company's real estate portfolio. Certification to the following 2020 NGBS practices indicates that this product potentially contributes to one or more GRESB Indicator(s). For more information, visit www.ngbs.com/ESG and www.GRESB.com.
